

Connecting to PGOCS WiFi – Windows Setup

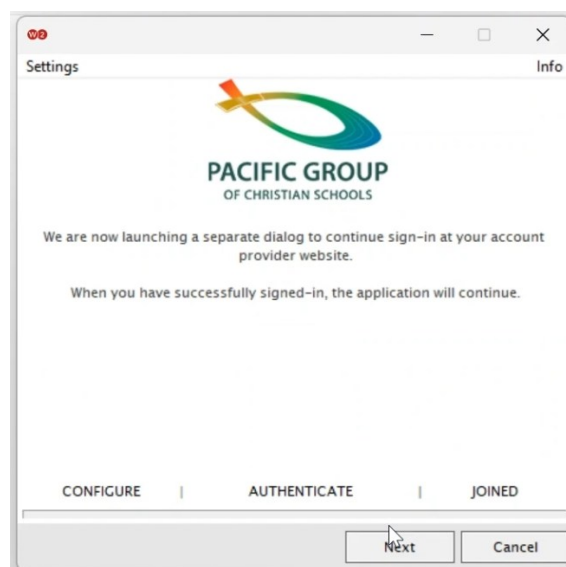

1. Enter the URL: www.pacific.education/studentwifi
2. The portal will detect your device operating system – click **Join Now** to Download installer

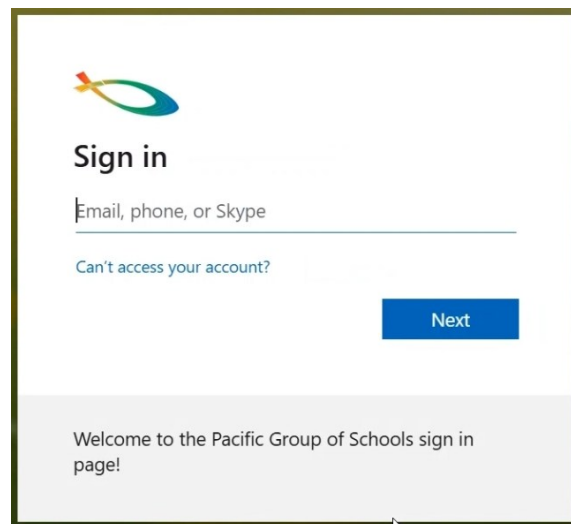

3. Open and run the installer (this may be in the Downloads folder):

WiFi_Pacific_Hills_Christian_Education_Limited_Wrapper.exe

4. The installer will open and progress through the configuration

5. When prompted enter **School Email and Password**

6. Windows configuration is now complete – Click **Done**

7. Verify success by checking connected network - **PGOCS**
